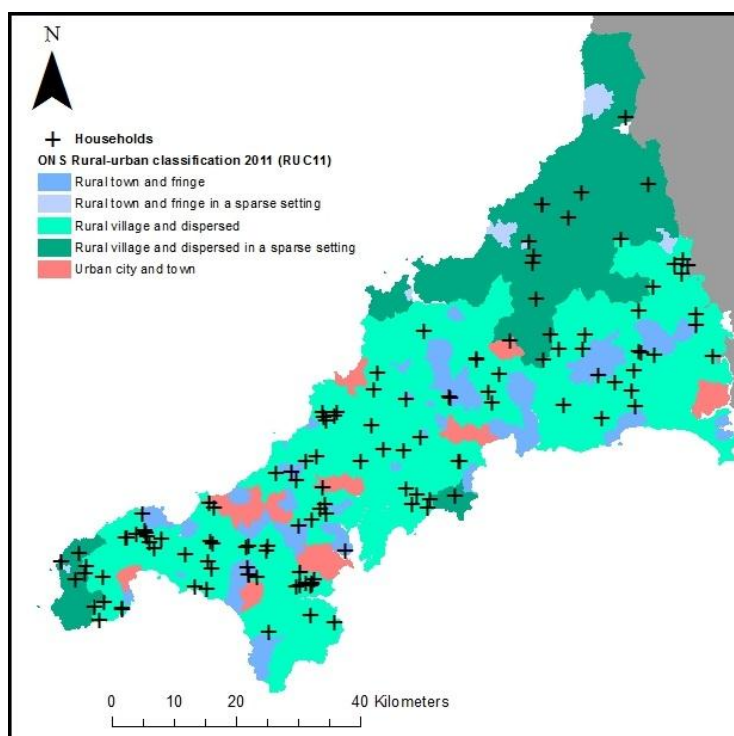

Figure 1 | ONS Rural-urban classification 2011 (RUC11) of study area and households. © Crown copyright and database rights [2015] Ordnance Survey 100019153. Compiled using ArcMap 10.1.

RUC11	Number of households (%)
Urban city and town	3 (2%)
Rural town and fringe	11 (9%)
Rural village and dispersed	96 (76%)
Rural village and dispersed in a sparse setting	17 (13%)

Table 1 | Households categorised by ONS RUC11. As 76% and 13% of households were classified as 'Rural village and dispersed' and 'Rural village and dispersed in a sparse setting' respectively, age-group population statistics for these two categories were used to compare against the study group population.
